

SSE

Who We Are

Founded in 2020

Based on over a decade of experience in time-critical logistics

Core team

With 10+ years working together

Specialized in urgent shipments

OBC, NFO, and express road solutions

Flexible in approach

We adapt to what each shipment really needs

1,000+ couriers and partners worldwide

But we only work with a trusted, vetted circle

Quality over quantity

We focus on precision, reliability, and long-term relationships

How We Work

-  Operating 24/7 with global coverage and fast response
-  Standard OBC quotes within 15 min, NFO within 30 min
-  Carefully selected global courier network
-  Real-time tracking and full transparency
-  Constant communication, from quote to POD
-  Tailored solutions, not templates

What is OBC (On Board Courier)?

OBC stands for On Board Courier, a premium service where a dedicated courier personally accompanies your urgent shipment from start to finish, ensuring fast and secure delivery without ever parting with the package.

How does OBC work?

With On Board Courier (OBC), a dedicated courier personally collects your urgent shipment, carries it onboard, and hand-delivers it directly to the destination. This process ensures maximum security, speed, and real-time tracking for your critical deliveries.

Fast delivery

Secure handling

Real-time tracking

Maximum peace of mind

OBC Mission Timeline

Details Required for a Quote

Shipment Details

- Number of boxes
- Weight and dimensions

Mexico | United States | Europe | And many others

Note: Customs procedures vary by country and airport. Contact us for specific country requirements and tailored support.

Next Flight Out (NFO), Charter, Express Road

Next Flight Out (NFO)

- For **bulkier and heavier shipments** that cannot be hand-carried, NFO ensures your cargo is prioritized on the next available flight.
- Ideal for **large or oversized packages**, leveraging commercial flight cargo holds for speed and efficiency.

Air Charter

- Designed for **large-scale or specialized shipments**, air charter provides an **exclusive aircraft** for complete control and flexibility.
- Perfect for **oversized cargo**, high-value goods, or urgent situations where commercial flights are not suitable.

Express Road

- Offers **fast and reliable ground transportation** for heavy or bulky shipments within specific regions.
- Utilizes **dedicated vans and professional drivers** to ensure secure, time-critical deliveries.

Industries We Serve

Automotive

Aerospace

Electronics

Healthcare
